

March 2018

**Rebecca Davy**

**Type of Governor:**

**Occupational background:** I have a BA Hons degree in History and American Studies. Since graduating I have spent of my working life in the Recruitment utilising the research focussed skills obtained during my studies. I currently work across Financial Services providing various institutions with qualified Legal Counsel.

**Special Interest areas:** Achievement & Progress (incl. for Vulnerable Groups); Impact of Pupil Premium; Equality Objectives

**About me:** I believe that a child's years at school shape the type of person they are going to grow in to. It is therefore essential, I believe, that the right people and the right infrastructure are in place to facilitate that growth and enable them to have the best start in life.

Being a mother myself, I firmly believe that every child, despite background or ability, should feel encouraged, nurtured and cared for during their school years. I want to do whatever I can to help ensure that happens.
