

James Stubbs

Type of governor: Parent Governor, appointed 2017, Chair of Governors, appointed 2019

Occupational background: Having started my career with the BBC World Service as a Control Room Engineer I have since worked in a number of different technology industries including Broadcast, Education, Corporate IT and most recently Cyber Security. My specialisms are relationship management, communication and change management.

Special Interest areas: Outcomes & Progress (incl. for Vulnerable Groups) and Impact of Pupil Premium

About me: I lived in Sutton-at-Hone for the first 21 years of my life and attended this school around 30 years ago. When my daughter started at the school in 2016 I really wanted to get involved and help give back to the school that helped give me a great start in life. Now both my daughters are at the school and I have found myself getting more and more involved since then.

I am really proud I was able to taking a leading role in realising the schools dream of ensuring the pupils of this school once again had access to their own swimming pool, one that can also be enjoyed by the local community.

I really want to help the pupils at Sutton-at-Hone Primary School achieve all they can educationally but also have the happiest experience that is possible.
